

STEP 1

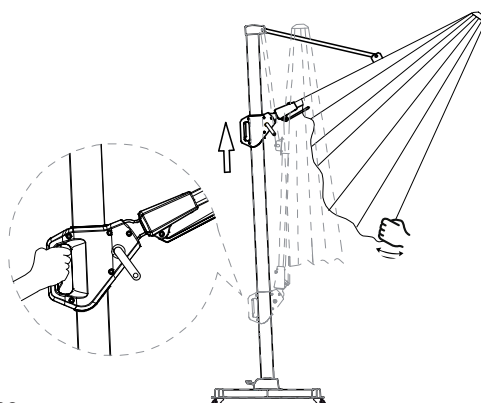

STEP 2

- 1: Place the parasol carefully.
Don't drop it!
- 2: Remove the yellow paper tape.
- 3: Remove the 4 cable ties underneath the canopy that are attached to the corner ribs.

STEP 3

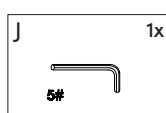

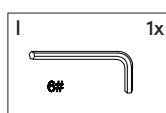

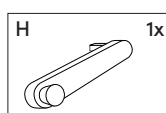

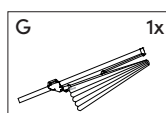

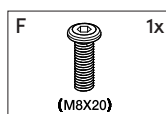

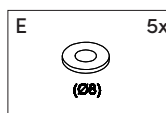

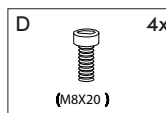

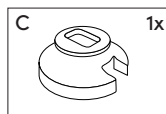

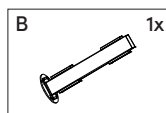

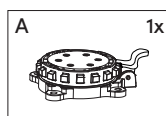

- 1: Attach the tension springs to the ribs by clipping them into place.
- 2: Insert the handle into the designated opening.

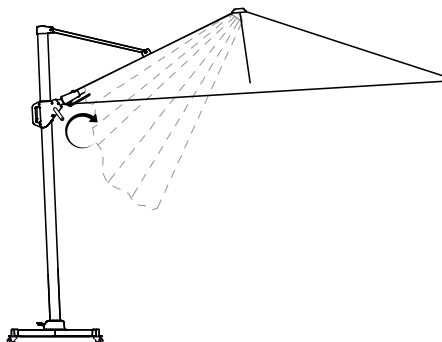

STEP 4

- 1: Gently loosen the ribs before opening the parasol.
- 2: While sliding the handle upwards, the handle should be rotated at the same time.

Parts list

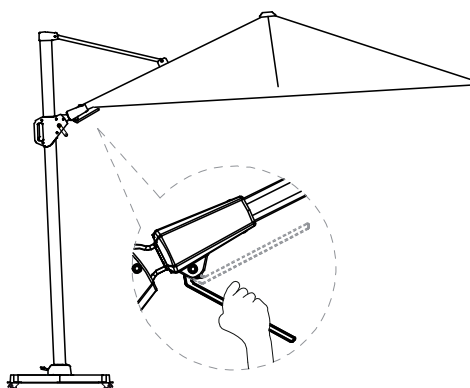

STEP 5

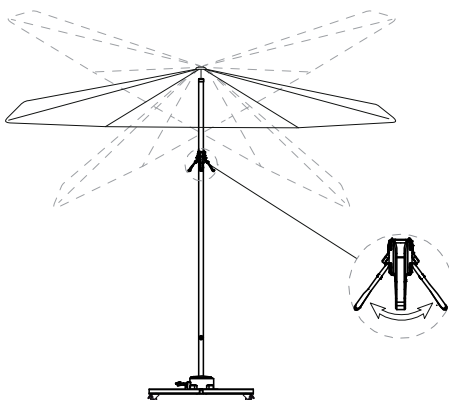

STEP 6

1: Use the T2 system to tilt your parasol to the desired position.

STEP 7

STEP 8

1: Press the foot pedal to rotate the parasol 360°.
